### Project Prakriti- Planted 30 Trees by the Students at a School in Gurgaon New Delhi

Conducted tree plantation in a school in Gurgaon where in the students from the same school were made to plant the sapling and provide the guards for the plants. The names of the classes were also tagged on to the same trees to make them feel about its ownership. This made the students to feel proud of their work and started to look after the allotted plants in a better manner.
