

## Water and Sanitation for the Rural Masses

Supported By:

### **Community Mobilisation And Financial Literacy Campaigns in 25 villages of Ramanagara dist, towards supporting Women and Transgenders Entrepreneurship**

Our team has worked in 78 villages of Sahibganj in Jharkhand on Namaami Gange Project, under the Clean Ganga Program. As part of the project we have implemented and monitored various Water and Sanitation related program components along both the sides of River Ganga.

Undertook the assessment of Usage of Individual Household Toilets and School Toilets Constructed in the Catchments of ITC's Factories - A CSR Initiatives, covering Andhra Pradesh, Bihar, Himachal Pradesh, Karnataka, Maharashtra, Madhya Pradesh, Telangana, Tamil Nadu, Uttar Pradesh, Uttarakhand, West Bengal, Odisha, Punjab and Rajasthan.

Undertook awareness creation and training program on Toilets in Raichur and Manvi taluk, along with construction of around 500 toilets in collaboration with SPRED – A CSR Initiative.

Jointly worked with SPRED in Micro Finance linked, toilet construction program in Savdatti taluk of Belgaum district, where in more than 1000 toilets have been constructed. It's a SHG based model under the ongoing Water Shed Development program.

Undertook hand sanitization initiatives among the school students in 6 villages of Raichur

Conducted School jathas to promote use of toilets and also hand sanitation among the rural people in the 6 villages of Raichur as part of our Water and Sanitation drive in the project areas.

Promoted adolescent girl health hygiene and other aspects pertaining to women health in the project areas of Raichur and Lingsugur.

In Kolar we have undertaken various activities such as Roof Top Rain Water Harvesting, High Density Multi cropping Farming Techniques Using Compost to Conserve Soil Moisture, Drip Irrigation, Trenching, Contour Bunding, Farm Ponds, Check Dams,
